

SNOWMOON — CHAPTER 1 STORYBOARD

12 cinematic scenes × 10 seconds = 2:00. Use the master character sheet for continuity.

Scene	Time	Shot / Action	Camera	Audio / Dialogue
01 The Peaceful City	00-10s	Meldan, Veridia - Kalimar district Gladius walks slowly, looks left and right, breathes deeply and briefly closes his eyes.	Slow aerial establishing shot, descending behind Gladius into a side tracking shot.	None.
02 The Drone	10-20s	Same walking path Gladius looks upward, checks the device, relaxes; a young boy jumps and catches the drone.	Quick upward tilt, close-up of Gladius's eye, dynamic slow-motion catch.	Boy: 'Five points for me!' Emerald: 'The device is verified. No threat detected.'
03 The Sky Bridge	20-30s	Veridia sky bridge Gladius stops, turns left, and looks toward the mountain as his robe and hair move in the cold wind.	Rear tracking shot followed by a 180-degree panoramic move.	Gladius: 'Pause. I want to enjoy the view.'
04 The Vote	30-40s	Street beside Badra St #1103 He stops, studies the building, raises the device and scans nearby buildings and tax information.	Close-up of vibrating device, over-shoulder hologram, slow push-in to building.	Emerald: 'Vote request received. Badra Street eleven-oh-three.' Gladius: 'This is harder than it looks.'
05 The Decision	40-50s	Same street He moves through floating interfaces, thinks, pushes the slider slightly right and presses SELECT.	Rapid UI close-ups, extreme close-up of eyes and hand pressing SELECT.	Gladius: 'Support... but only slightly.'
06 The Concert	50-60s	Large outdoor concert venue Gladius pushes through the crowd, adjusts his face covering and activates an audit interface.	Fast crowd tracking shot, rotating move around Gladius, dramatic stage wide shot.	Dreadknot Singer: 'LET THE FIRE RISE! LET THE WHOLE CITY HEAR US!'
07 Prediction Score 92	60-70s	Concert crowd He listens, switches Emerald to analysis mode, studies the rubric, then looks toward the stage.	Hologram close-up, rack focus to eyes, cut to stage.	Emerald: 'Analysis confidence is limited. Available precedent data is insufficient.' Gladius: 'Then I have to decide.'
08 The Accusation	70-80s	Concert crowd Gladius scans for an exit, notices the decoy, and realizes he must escape.	Extreme eye close-up, rapid POV scan, handheld chase perspective.	Stranger: 'HEY! EVERYONE! IT'S AN ORDER MEMBER!' Gladius: 'No...'
09 The Escape	80-90s	Concert exit He commands deletion of recent recordings, throws the device into the air and sprints for the exit.	Tight confrontation, whip-pan, slow-motion grab, rapid tracking chase.	Gladius: 'Wait... is that a new screed from the Arctic Emperor?' Gladius: 'Delete all audio, images and video from the last longhour. Reboot.' Device: 'Four files deleted. Rebooting.'
10 The Autobus	90-100s	Veridian autonomous autobus He checks the window to make sure nobody followed, then relaxes and notices the advertisements.	Exterior follow shot, interior tracking shot, close-up through window.	Gladius: 'I really need a quieter evening.'

Scene	Time	Shot / Action	Camera	Audio / Dialogue
11 Home	100-110s	Gladias and Seila's home Gladias hugs Zven, talks with Seila and Febric, then notices Lily's disappointment.	Doorway medium shot, dynamic stair follow, close-up of Lily.	Gladias: 'Are you home, Seila?' Zven: 'Dad is home!' Lily: 'Sixty percent on the history exam. Whatever...' Seila: 'It's okay to not be good at everything.'
12 The Anonymous Message	110-120s	Family dining room Gladias lowers his food, reads the messages and his expression changes from relaxed to tense.	Warm wide shot, sudden device close-up, extreme eye close-up, slow zoom.	Anonymous: 'I saw you at the concert. I know that you are in the Order.' Anonymous: 'Don't worry. I'm not intending to report you for the bounty. But I do have a request.'

VISUAL CONTINUITY NOTES

- Gladias: same face, hair, dark purple Privacy Robe, shoes and hand device in every scene.
- Use 16:9 cinematic framing and maintain consistent scale and lighting logic.
- Scenes 1-5 emphasize peaceful world-building and analytical UI.
- Scenes 6-9 shift to faster action and higher contrast.
- Scenes 10-12 return to warmth, then finish with a cold suspense cliffhanger.
- For final animation, use each scene's IMAGE_PROMPTS and VIDEO_PROMPTS as separate generation jobs.
